Came Into Each Other Head On, Tearing The Two Cars
Into Bits--Then Fire Added To The Horror
Of The Scene.

[SPECIAL TO THE GAZETTE.]
Chicago, July 21.—Nearly forty persons were injured, some of them probably fatally, and eleven severely, when two Aurora and Elgin electric cars collided at Lovedale station, four miles north of Aurora.

The disaster occurred when the coaches were running at a speed estimated at about 40 miles an hour. The crash when they came together was terrible.

MASKED MEN TRIED TO LOOT THE BANK

Ada, Ohio, the Scene of Attempted Bank Robbery by Masked Desperadoes.
[BY ASSOCIATED PRESS.]
Ada, Ohio, July 21.—Six masked men rode into town late last night and three went to the home of George Meyer of the local bank and compelled him to go to the bank with them. They attempted to compel Meyer to open the safe, but he convinced them the safe was equipped with a time lock which could not be opened. Two of the robbers then took Meyer to a nearby woods and tied him up, the other four men remaining at the bank to blow the safe. Meyer managed to free himself and turned in a fire alarm arousing the citizens. The cracksmen jumped on their horses and escaped in the darkness.

BASKET PICNIC OF G. A. R. HELD TODAY

Was Held at Yosts Park Today—About One Hundred Were in Attendance.
W. H. Sargent Post, No. 26, G. A. R. held their annual basket picnic at Yosts Park today. The veterans of war of the rebellion, Spanish war veterans, the Woman's Relief Corps and their friends were invited. About one hundred people attended the picnic going down on the interurban at 10:15. During the day a program was given combining music, athletics, and fireworks. The following is the program in full:
Music by the Drum Corps.
Address of Welcome by Comrade J. F. Carlo.
Response by Mrs. Morris, Dept. Pres.
Woman's Relief Corps.
Son, "Wisconsin," Comrade Kimberley.
Address by E. D. Cox, Dept. Commander.
Singing "America" by everybody.
Tug of War—W. R. C.
Tug of War—G. A. R.
Foot Race—W. R. C.
Foot Race—G. A. R.
Prizes in each event—a dish of ice cream.
The officers of the day were: J. L. Bear, Marshal; W. H. Grinnell, Moderator; W. F. Brown, Chaplain; Simon Smith, Comrade; L. S. Moseley, Adjutant; J. L. Bear is also chairman and J. A. Howe, secretary.
Not Otto Duesee: It was not Otto Duesee, as reported last evening as being sent to jail for five days for drunkenness, but Herman Bueger. Otto Bueger is a salaried man and has never been in trouble with the police. The mistake was made at the police station in confusing the names.
For Drunkenness: Bert Wheelock and Henry Allen pleaded guilty to charges of drunkenness in municipal court this morning and paid fines and costs amounting to \$3.10. Michael Riley went to jail for five days. Charles Anderson was given a "fine."

Hearst—To bury the knife or not to bury. That is the question.

POLITICAL FIGHT OPENED IN OHIO

Burton's Candidacy for Foraker's Place in Senate Starts Battle.
[SPECIAL TO THE GAZETTE.]
Columbus, July 21.—The recent announcement of representative Theodore E. Burton of Ohio, that he will be a candidate for the senate to succeed Senator Joseph B. Foraker indicates that, from now until the Ohio legislature next winter elects the successor to Mr. Foraker, there will be a real, old-fashioned political battle in the Buckeye state.

Pekin, Ill., July 21.—With some of the best horses on the Western circuit here, the outlook for the success of the annual race meeting which opened here today is regarded as very bright. A three days' programme has been arranged. It provides for four 1,000 stake races in addition to the purse events.

LICENSES GRANTED TO SALOONKEEPERS

Twenty-three Deloit Saloonkeepers Sign Iron Clad Agreement Last Night.
As a result of having accepted and solicited money from brewers during the last municipal campaign in Deloit, the naturalization of a number of Italians, twenty-three Deloit saloonkeepers, after being closed for two weeks, were granted licenses last night, after having signed an iron clad agreement of the most humiliating nature. The agreement signed acknowledged the wrongfulness of the association formed and stated that it had been dissolved. They agreed to pay into the city treasury about \$100 expended by the council in the investigation of the alleged illegal association, provided that never in the future would saloonkeepers accept any money from private persons or corporations to be used for the purpose of influencing political action or to secure the election of any candidate to office. Finally they agreed to cooperate in every way with the authorities in the enforcement of the laws in regard to the regulation of the liquor traffic.
By a vote of 8 to 6 an ordinance ordering that all screens and stalls or booths should be removed from all saloons. This came on top of the agreement which the liquor men were forced to sign.
Two retail dealers and one wholesale dealer refused to sign the agreement and were not given licenses.
Today Mayor Cunningham vetoed the ordinance passed by the council ordering that all screens and stalls be removed. He gave his reasons that he did not think it was in accordance with public opinion and that it was unfair in that the saloons on the side streets would get all the trade to the exclusion of those more prominently situated.
Automobile Parties: Charles A. Lamb, Ennis Cobb, Dick Slater and D. McIntosh of the Westward Ho golf team arrived here in an automobile last evening and were registered at the Grand Hotel. Judge H. B. Tuttle of Michigan City, and party arrived here this morning, homeward bound from the Shriners' convention at St. Paul, and were registered at the Hotel Myers.

HIBERNIANS OPEN BIENNIAL SESSION

Nearly Every State in the Union was Represented at Opening Meeting.
[SPECIAL TO THE GAZETTE.]
Indianapolis, Ind., July 21.—Nearly every state in the union was represented here today at the opening of the biennial convention of the Ancient Order of Hibernians, this being the national meeting of the organization. Prior to the opening of the business sessions the delegates attended the celebration of high mass at the cathedral. At noon the convention was called to order in Tomlinson hall by President, Matthew Cunningham of Boston. Mayor Hooker and others delivered addresses of welcome and after appropriate response had been made for the visitors the convention went into executive session. The gathering will continue in session until the end of the week.

EUROPEAN NATIONS MUCH INTERESTED

Continental Nations Bued Representatives to Tuberculosis Congress at Washington.
[SPECIAL TO THE GAZETTE.]
Washington, D. C., July 21.—The keen interest that the European nations are manifesting in the international congress on tuberculosis to be held in this city early in October is highly gratifying to the local committee. The foreign representation at the congress promises to surpass all of the early expectations. England, France, Germany, Sweden, Switzerland and several other European countries will send elaborate displays for the exhibition to be held in connection with the congress.
Enthusiastic scientists will be in attendance from nearly all the countries of Europe and from Canada, Newfoundland, South Africa, Mexico, Australia and several of the republics of South and Central America.
Among those who recently have notified the local committee of their intention to be present at the congress are Professor L. Landouzy of the faculty of medicine at the university of Paris, Dr. Maurice Mignot of Nice, representing the Mediterranean Medical society; Dr. S. S. Sterkoff of Moscow, representing the permanent Russian tuberculosis commission; Professor H. Bang, an eminent medical authority of Denmark; Dr. R. B. N. C. of Madrid, the winner of the Nobel medical prize awarded in 1906; Dr. Camillo Calleja of Madrid, representing the government of Spain, and K. J. Kahling of Riga, representing the Baltic Veterinary society.
The new national museum, in which the congress and the exhibition are to be housed, will not be finished by the time the congress convenes. The first and second floors, however, will be put into such a state as to house the congress and the exhibits conveniently. The opening of the congress has been fixed for September 31 and the sessions will continue until October 12.
Doctors Meet.
Walker, Minn., July 21.—Several scores of medical men of Minnesota and neighboring states were present today at the opening of the annual meeting of the Upper Mississippi medical society, the meeting place being the state sanitarium or consumptives. The treatment and prevention of tuberculosis was the principal subject discussed at the opening session.
Articles Filed: The articles of incorporation of the Cincinnati Construction company have been filed with Register of Deeds Weirick.

[SPECIAL TO THE GAZETTE.]
La Crosse, Wis., July 21.—Between two and three hundred dentists of Wisconsin are attending the annual meeting of their state association, which began its sessions in La Crosse today. The sessions will continue three days, during which time thirty clinics will be conducted and addresses given on topics of importance to the profession.

MANY SUBJECTS TO RECEIVE ATTENTION

Western Classification Committee has Big Program Before Them at Meeting.
[SPECIAL TO THE GAZETTE.]
Mantion, Colo., July 21.—The members of the Western Classification committee found nearly 500 subjects declared for their consideration when they assembled here today for their semi-annual meeting. Among the most important subjects to receive attention is that of minimum car load weights. A proposition has been made to make the minimum weight on freight rated third class or higher 24,000 pounds and on freight rated lower than third class 36,000 pounds, and the committee will consider proposed changes in minimum on a large number of specific commodities.
Another subject scheduled for discussion and action is a proposed revision of the subject of getting increased revenue from perishable freight also will be discussed. It is proposed to amend existing rules so as to provide that in order to secure the car load rate the quantity of freight required under the rules must be delivered at one forwarding station in one working day by one consignor for one consignee and destination, except that, where freight is loaded in cars by the consignor it will be subject to the car service rules and charges of the forwarding railroad.

MAMMOTH PAGEANT ON THE PLAINS OF ABRAHAM

Quebec Tercentenary Is Witnessed By Thousands Of Visitors.

[SPECIAL TO THE GAZETTE.]
Quebec, July 21.—Tens of thousands of persons this afternoon witnessed the first performance of the great pageant on the Plains of Abraham, marking the real beginning of the Quebec Tercentenary celebration. The pageant was of an historical character and comprised half a dozen scenes and numerous tableaux.
The pageant began with the coming of Cartier, 400 years ago, and ended with the arrival of two nations standing side by side, headed by Montcalm and Wolfe, Lewis and Murray. The heroes of the battle of the Plains of Abraham stood the center of an impressive historical picture, surrounded by the King of France on his throne, the pageant, while below in the river the battleships of three nations boomed out a great salute to the "country with a noble past and a glorious future."
Other groups in the pageant dealt with the gorgeous court of France, the gardens at Fontenoy, while Francis I. on a white charger, surrounded by hundreds of velvet-clad courtiers, talked with Cartier of the wonders of the world. Another court scene showed the King of France on his throne and the stately pavane danced by famous beauties of the 17th century, and the granting of a commission to Champlain to sail for America on a voyage of discovery and exploration. Following these were scenes connected with the later history of Quebec, one of the most beautiful and impressive showing the citizens going down the riverbank to meet the saintly Mother Marie and the Ursulines and Jesuits, who knelt and kissed the ground of New France, taking it in the name of charity.
The number of visitors in Quebec is steadily and rapidly increasing and the accommodations of the city are being put to a severe test. The number of soldiers alone is estimated to reach a total of nearly 25,000. Hundreds of new visitors arrived today from many parts of Canada, come to witness tomorrow's reception of the prince of Wales and his party. This of course, will be one of the biggest events of the entire celebration programme. The arrangements for the reception of his royal highness and his staff are of the most perfect character.
The official landing of the royal party is to take place at four o'clock in the afternoon at the King's Wharf. Prior to this Sir Wilfrid Laurier and an official party will board the Indomitable and will present to the royal visitors an address of welcome. This address will be in French and English, and will be replied to by the prince in both languages. In the evening his royal highness will meet other distinguished visitors to the celebration among them vice-president Fairbanks of the United States and the official representatives of the French government.
Thursday the prince of Wales will be presented with the civic address of welcome and will take part in the official ceremonies commemorative of Champlain and of the founding of Quebec, and will review the historic procession in front of the Champlain monument.
His royal highness will be present on Friday at a review on the plains of Abraham after which he will hand to the governor-general the title deeds of the plains of Abraham and the fort.
On Saturday the prince will embark at the King's Wharf and pass down the lines of assembled ships of Great Britain, France and the United States and in the afternoon he will be present at the pageant on the plains of Abraham. In the evening a banquet will be given at the Citadel to the representatives of Australia, South Africa, New Zealand and Newfoundland, at which the prince of Wales will speak.
The prince will attend the services at the English Cathedral on Sunday. On Monday he will participate in various features of the celebration programme and in the evening will witness a grand naval review and illumination of the fleet. Tuesday he will visit Victoria park and will plant a tree in commemoration of his visit. His Majesty's ship Indomitable, with the prince of Wales and his party, will depart from Quebec at daybreak Wednesday.
The Quebec authorities, as a matter of precaution, will provide a body-guard for the prince of Wales during his presence in the city. This will be furnished by a detachment of the northwest mounted police. The local and the soldiers also will furnish an escort to the prince of Wales on occasions when he will appear in public during the week of his visit.

A NEW CHEMICAL DISCOVERED

That you can put on the top of your stove as you would stove polish, but you don't have to polish it. Just paint it on and one application will last months even if your stove becomes red hot every day. It's called STOVINK and is absolutely guaranteed to keep your stove in fine condition without any work. STOVINK sells for twenty-five cents and will give more stove satisfaction than a dozen boxes of stove polish. Also destroys just as water dissolves salt.

INTERURBAN HAS NEW FRANCHISE

NOLAN'S ARGUMENT RAISED ROAR IN COUNCIL CHAMBER.

SIMPSON'S BOND REJECTED

After a Close Vote—Order for Sam Brown's Salary Again Turned Down—Session Interesting In Spots.

Immediately preceding the protracted recess and star-chamber session last evening, attorneys representing the two sides of the Deloit, Deloit and Janesville Interurban franchise question, were given an opportunity to speak. This was brought about by Mayor Heddlow, who is doing what he can to combat the secret-session nuisance, and enabled the attorney to finish his business and adjourn about midnight instead of just before dawn. It was much appreciated, too, by the gallery of listeners who found the debate highly diverting. W. H. H. Macdonald, Floyd D. Murdoch, Adair H. Benson, and the other owners of property on the Interurban loop were present by Attorney Charles Rogers and William Smith and Thomas S. Nolan, spoke in behalf of the passage of the measure.

In opening his address, Mr. Macdonald called attention to the fact that there had been considerable litigation concerned with the trackage on Wall and other streets known as "the loop," and that the supreme court had held that the company had no rights there. As a result of this, it must either buy its rights or get out. That piece of railway, he argued, was no part of the system that accommodates the traveler from Janesville to Rockford, but merely a small, four-block, loop, and that it was not a part of the system at the expense of the people, without paying for the privilege. Franklin street, naturally one of the main arteries of the city, should be left open, also the proposed measure, he claimed, did not contain the customary safeguards of the city's interests, the provisions for paying between the rails, sprinkling, adaptation to new grades, the fares to be charged, etc. The supreme court had held the original ordinance invalid and the speaker wished to suggest that there was a grave question as to whether or not the council could amend an invalid thing and make it valid.

Mr. Smith laid emphasis on the fact that an Interurban railroad, within the meaning of the law, is a different institution from a city street railway. The courts had held at a street railway need not pay compensation in a case of this kind, while an Interurban, was held to be an additional burden and abutting property-holders entitled to compensation. In this particular case the supreme court had just held that under a franchise for a street railway no rights for building and operating an Interurban can be obtained. So for five years this company had been nothing as trespassers along the route in question. It was folly to speak of the road as in any sense a city railway, a city railway usually reserved for the property-owner a clear highway on at least one side of his property. The arguments advanced by Mr. Macdonald were also touched upon.

Mr. Nolan charged the council for the opposition with misrepresenting the character of the proposed ordinance. On May 12, 1901, he said, Janesville granted a 50 year franchise to the R. T. & J. Co. It was supposed at that time that a street railway might be extended to towns or cities adjoining and a street railway franchise, only, was asked for. This franchise provided for all the safeguards of the city's interests which had been enumerated and the grant now proposed was only an amendment of one section of the original ordinance, simply giving to the company what it had supposed it possessed all the time and which every street railway company thought it had. The logic of the opposition was that the Interurban should be stopped. At this juncture the speaker passed to pay a tribute to W. H. H. Macdonald as a philosopher during the conference. The latter, he said, only wanted \$3,000 for alleged damages to a little shack, the rent of which was the same as it was before the Interurban came, and Floyd Murdoch would be content with \$5,000 in reparation for injury alleged to have been wrought to his holdings by the Interurban company, when it was actually unsafe for anyone to venture into that locality because of the imminent danger of being killed or run over by one of Murdoch's Shanghai chickens. The company needed the loop to operate its cars and was willing to have duly appointed commissioners pass upon the damage to

Excessive Drinking

Orrine Destroys the Craving for Drink. Sold Under Positive Guarantee.

Excessive or continued use of alcoholic beverages always results in a diseased condition of the nervous system. The drinking man is often heard to say, "I can stop of my own free will and when I wish," but this poor fellow is now devoid of the power to act at the proper time and in the right way. It is too late, the craving has secured a firm hold and because of the diseased nervous system he has not the ability for sustained effort. The result we all know.

Drunkness is no longer considered a crime; eminent scientists and physicians have agreed that it is a disease and must be treated as such.

The home treatment that has been used for a number of years, and is highly successful, is Orrine. It is sold under a positive guarantee that if it does not effect a cure your money will be refunded.

Orrine is in two forms. When desiring to give secretly, purchase Orrine No. 1, and if the patient will voluntarily take the treatment, Orrine No. 2 should be given. The guarantee is the same in either case. Orrine costs but \$1.00 per box. Mailed in plain sealed wrapper on receipt of price. Write for free treatise on "Drunkness" mailed in sealed envelope by The Orrine Co., Washington, D. C., and in this city by People's Drug Co. and King's Pharmacy.

property-holders, but it would pull up its track before it would pay blood-money.

After the recess the written remonstrances of the loop property-owners were received and placed on file. On motion of Chairman Sheridan of the highway committee the ordinance amending the franchise was then given its third reading and passed by unanimous vote.

Re-Appointed to Library Board.
The mayor appointed Mrs. Frances C. Colburn, Frances McGraw, and William Haddon to succeed themselves as members of the library board and the appointments were confirmed. The annual report of the library board which was received and placed on file showed that there were on hand July 1, 1907, adult books to the number of 16,809; children's books numbering 3,425; total, 20,235. During the present year there were added by purchase 387 adult books and 287 children's books; total, 674; by finding—84 adult books and 4 children's books, total 88; by gift, 443 adult books and 3 children's books, total 446. Grand total, 21,443. Withdrawn from circulation, 1,151. Volume on hand, June 30, 1908—20,242. The circulation of books during the year was 27,393 and 28,061—total 55,454. \$128.35 was expended for books during the year and the balance on hand is \$344.63.

No Pay for Sam Brown.
The finance committee submitted its report on bills, including items of \$189 for each of the assessors, and the same was adopted. The salary list for July, including \$10.83 for each of the assessors, was also approved. Carter & Morse having offered to erect a city treasury's \$25,000 bond for two years, and this being the lowest of four offers submitted, an order was passed accepting the same. Alderman Watt, after introducing a sheet of orders, towards the close of the session, requested the same old question in those words: "Now I want you to all cheer up and give this man what he deserves for one month—Ordered by the mayor and common council that the city clerk draw on the city treasury in the sum of \$50 payable to Oliver Sam Brown for services rendered from July 1 to Aug. 1, 1908. Ald. Macdonald immediately moved to state that he couldn't vote for Sam Brown's salary because he wasn't legally appointed. "Three months ago I asked the mayor to appoint Brown so that the council could pay him, and he hasn't appointed him yet," Ald. Clark said that he had understood that the council could pay Brown and "legalize" the appointment. City Attorney Maxfield denied ever making such a statement to the council and Ald. Clark insisted that if he didn't, he had at least told him (Clark) so privately. Ald. O'Hara wanted to know when the Brown-appointing motion he brought forward was going to come to some definite result. City Atty. Maxfield said that after the argument on the amendment, the court asked the attorneys when they were ready to take up the case. Cunningham, Pierce, and Burpee had said that they were ready to take it up at once, but Wheeler had said that he was not ready. It would not now be possible to get the case before the supreme court until the August term. Somebody wanted to know whose fault that was, but the City Attorney would only say that it was Wheeler who asked for time. Ald. Dullin then turned to the mayor with this inquiry: "I might ask you why you don't appoint Sam Brown?" Mayor Heddlow responded: "I may say that I have seemed to be a target for you for some time past. I have told you once that I recognize our fire and police commission, created by the legislature from which we derived our charter. I have appointed special police from time to time, but I do not care to usurp the functions of the commission by making an appointment that is not within my province."

"As you claim I make a target of you, I beg to differ with you. You appointed Sam Brown—why can't you appoint Brown?"
The Mayor: "I have the right by charter to appoint special officers for 90 days."
Ald. Watt: "City Attorney Maxfield says if we pay Brown we are taking a chance. As near as I can figure it, all we're doing round here is taking chances. Talk about chances—when we're running up against TILLY BUNCH of attorneys!"
City Attorney: "What lawyers do you refer to, Mr. Watt—the City Attorney?"
Ald. Watt: "Not at all—I mean to mention names."
Ald. O'Hara: "I don't understand why, when we have a City Attorney, we don't go by his instructions. We ought to act according to what he thinks."

Ald. Clark: "And if our City Attorney makes a decision we are bound to abide by it. Otherwise, if we go wrong, we are responsible. I was much in favor of paying Sam Brown until I came to recognize this fact."
City Attorney: "My decision here that you can't pay him, but that you are taking chances if you do so, and you can't fall back on my advice if you are wrong."
Ald. Clark: "I have due respect for the City Attorney, but I am willing to take the chance."

The order was defeated by a vote of 4 to 4. Aldermen Brown, Buchholz, Clark, and Watt voting in the affirmative and Aldermen Clark, Dullin, O'Hara, Rehfeld, Richardson, and Sheridan, in the negative.

Simpson's Bond Turned Down.
There is a theory in some quarters, that the members of the fire and police commission are required to file bonds for the council's approval. To be on the safe side, W. S. Jeffris submitted one at the city council meeting. Chairman Dullin of the judiciary committee coupled a recommendation and motion for its acceptance with the remark: "I don't believe he (Mr. Jeffris) had anything to do with changing the rules so as to beat the council." Geo. D. Simpson's bond, in the form with sureties good, was filed last evening. Chairman Dullin moved that no action be taken with regard to it. The vote on this proposition stood 5 and 5. Aldermen Clark, Dullin, Rehfeld, Richardson, and Sheridan voting in favor of rejecting it, and Aldermen Brown, Buchholz, O'Hara, and Watt voting in the negative.

The mayor, in accordance with his policy of non-interference with the votes, declined in favor of "no action." Ald. Dullin, mistaking the character of the decision, called for an opinion of the City Attorney as to whether or not the Mayor had a right to vote in this instance. Learning that the verdict was in his favor he did not

press his objection. The bonds of Sam and John Cohen and William Rehfeld, John Cohen and B. P. Crossman, for laying cement curbing around the park, were found in due form and accepted.

City Marshal's Report.
Mayor Heddlow's appointments of John Dullin and John Benson as special police officers without pay from July 10 to October 8 were confirmed. George M. Appleby, as City Marshal, gave a detailed and accurate account of the 125 arrests in the month of May and the 91 arrests in June. Ald. Dullin wanted to know how he could sign himself "City Marshal." Ald. Richardson, chairman of the police committee, moved that the report be laid on the table. The motion was carried by a vote of 7 to 3, only Aldermen Brown, Clark, and Watt voting in the negative.

Sewer Outlet Right-of-way.
The street assessment committee reported that it had secured a right-of-way for the main outlet across the C. & N. W. Ry. Co., Janesville Electric Co., and Patrick Hoffman properties and quit claim deeds free of charge, and recommended that Water Works lot 3 in block 2, Railroad addition, be purchased at a cost of \$250 as the city would have to buy the property if a bridge should ever be constructed at Racine street and in any case the right-of-way for the sewer would have to be paid for at this time. Chairman Clark of the committee on sewers moved that the report be accepted and that an order for \$250 to cover the contemplated purchase be drawn. The motion was carried.

Reports and Contracts.
Supt. Geo. T. Croft of the steam-crusher plant reported that 261 yards of the product had been delivered during the two weeks ending July 18. By an order the city clerk was directed to draw on the treasurer in favor of Andrew Johnson for the sum of \$1,000, payable from the city fund, compensation for the city being permitted to use any stone in the quarry where the crusher plant is located, within the life of the present lease. R. P. Crossman's bid of \$120 for constructing the drinking fountain at the intersection of Glen and Cornelia streets was the only one submitted and was accepted. The same contractor's bid of 55 cents per lineal foot for the construction of curbing and gutter about the Tallman and Watson parks in the 1st and 2d wards was also accepted. John & Mead having completed similar work on the east side of the Court House park and about the Fourth Ward park, an order in their favor for \$812.75 was drawn.

The fire and water committee was granted further time for the consideration of a petition from Edward Smith for permission to move a barn at the corner of Dodge and South Franklin street fifty feet south. The Central Land Co. was granted permission to erect frame dwelling houses on lots 1 to 16 of the subdivision of lot 25, Mitchell's 4th addition, the property being the portion of the proposed "Mitchell Park" site located near pleasant street, 1-14 just within the fire limit, but the statement that Chief Klein approved, elicited the argument.

Mercy Hospital Contract.
By an order the Mayor and City Clerk were directed to contract with the Mercy Hospital association to provide a ward in the hospital and all things necessary for the care of emergency cases, the city to pay \$500 a year, beginning July 1, 1908. The measure was carried without opposition.

Street Car Co. Threatened.
The Janesville Street Car Co. was directed by an order to restore Milton avenue from St. Mary's avenue to the city limits to the condition it was in before they laid their track extension, within 10 days, with the provision that the street commissioner should have the work done and charge it to the company. If the order should not be complied with in the period specified, Ald. Clark wanted to know what good it would do to issue orders which were never obeyed or secure judgments that were worthless, and suggested that if possible there should be a provision for tearing out the company's tracks if they do not obey.

City Attorney: "What lawyers do you refer to, Mr. Watt—the City Attorney?"
Ald. Watt: "Not at all—I mean to mention names."
Ald. O'Hara: "I don't understand why, when we have a City Attorney, we don't go by his instructions. We ought to act according to what he thinks."

The Mayor was directed to execute a quit claim deed in behalf of the city, rededicating to Dr. James Mills the right to connect with a sewer on E. Milwaukee street in front of a vacant lot.

The judiciary committee was granted further time for the consideration of Mrs. Lizzie Broegge's notice of injury.

Preliminary steps were taken to bring about the improvement of Wisconsin street from Milwaukee street to Prospect avenue with combined cement gutter and curbing.

In behalf of Mrs. McKewen, Ald. Brown made a tentative offer of a diamond-shaped piece of land at the intersection of Ringer avenue and Court streets, measuring 65 and 50 feet on a side, for a city park. Ald. O'Hara thought the city had enough "dinky parks" and reminded his colleagues that the city turned down a chance to buy a good one last spring.

A motion to refer the matter to the park committee was lost 7 to 3; a motion to refer it to the highway committee was defeated 8 to 2; so the proposition was left in limbo.

The highway committee was empowered to act in establishing a sidewalk line on South Third street between South Second and South Third. The park committee was authorized to purchase two dozen park benches and have them placed in the parks.

Orders from St. Commissioner.

The street commissioner was directed to order to repair the manure street in the fourth ward with crushed stones to serve as a base for the house and lot at 110 South Academy street to remove dirt and clean the street between the curb and sidewalk on School street; to serve a notice on the owners of lots 1 and 16, block 2, Forest Park addition, to build standard walls on Ringer avenue; to build a brick crosswalk on Garfield avenue on the north side of Sharon street; to clean the gutters on South Third street from Main to Park street; and to build a 15-foot curb and gutter at the southwest corner of East and South Second streets.

NOMINATED CLINTON MAN FOR SHERIFF

A. Baldwin of Clinton Was Chosen by County Democratic Convention.

Clinton, July 21.—Clinton is still on the map, as appears from the fact that A. Baldwin, our village marshal, was nominated for sheriff at the county convention held by the democrats in Janesville on Saturday, at which time H. A. Moehlman was also elected as a delegate to the state convention. It has been decided to extend the cement walk from the Herald office to the hotel corner. It will add greatly to the appearance of that side of the street.

Mr. Stevens of Morris, Ill., has been spending the past few days with friends here.

Miss Lena Hatch is visiting oldtime Clinton friends.

Geo. Woodard of Texas and Morris Woodard of Missouri have been visiting here of late.

The rain of Thursday night was an unusually heavy one.

Dr. Thomas and family, his brother and his family, and other friends are at Delavan lake for a couple of weeks. Glen Adams has been home for a short visit recently, having been in the lake with the Y. M. C. A. boys of late.

Another good shower Friday afternoon. No indications of any drought up to date.

The Ladies' Aid society of the Baptist church is to meet with Mrs. J. H. Greene on Thursday afternoon.

NEW DEPARTURE BY OLD FIRM

Helms' Seed Store Handling Complete Feed Stock.

The new line of goods recently put into stock by the Helms Seed Store will be hailed with favor by their many friends. This consists of a full line of feed for horses, cow or pork, and embraces hay, straw, oats, barley, wheat and corn. Besides these, bran, ground feed, middlings, shell, grits and poultry foods suitable for various ages of fowls are carried. Hatchford's meat for young calves, sugar and flaxseed, a ton for horses and cows, Dr. Hess' and Pratt's Condition Powders, Pratt's Poultry Regulator and Lice Killer, are carried in stock. Sodor, a handy and effective disinfectant, is sold for 20 cents a pound. A line of fertilizer has also been added. Nitrate of Soda and Hatchford's Land Renovator, either kind, at 5 cents per pound in small quantities. Special rates for larger amounts. Also Hatchford's Plant Grower in cans, an excellent thing for potter plants and window boxes. This firm recently purchased the stock and fixtures of the feed store of Mr. D. Brown. They own their own store and have exceptional facilities both in location and place of business in handling trade. Quick delivery and strict honesty and reliability in goods will undoubtedly secure a fair

share of this business. And it is hoped that the popularity of the Helms Seed Store in its dealings with farmers and townpeople for forty-one years will be augmented in this new line of goods. Both phones.

Il. Florida and the Herald office now have new cement walks, and H. A. Anderson expects to have one in front of his store during the week.

Other new cement walks would be desirable and far safer than the dilapidated board ones.

Roy Best has some slaters visiting here.

Geo. W. Howe, state manager of the Mystic Workers, was here Wednesday evening to consult Director Cheever in regard to work in the state.

H. R. Mayberry of Missouri is visiting friends here at present.

Geo. W. Kommer returned from the east on Wednesday.

One of the latest affairs held in Clinton recently was the 6 o'clock tea given Saturday evening by Dr. and Mrs. C. W. Collier at their beautiful home on West Milwaukee street in honor of Mr. and Mrs. Potts of Mississippi, who have been visiting here.

Mrs. F. R. Helmer entertained the Fortnightly club and a few other ladies Friday afternoon. Elegant refreshments were served.

Several of our faithfuls attended the county convention in Janesville on Saturday.

Dr. Collier's family go to the lake again tomorrow for an indefinite stay. Mr. and Mrs. Olds and family move to Madison about Sept. 1st.

Are You In Doubt Where To Spend Your Vacation?

The Grand Trunk Railway System (double track) offers the choice of many delightful resorts. Special low round-trip fares to many of them. If you will advise how much you have to spend for railroad fare, a publication describing attractive routes to the place you can reach, together with fares, will be sent you. Geo. W. Vaux, A. G. P. & T. A., 125 Adams St., Chicago.

For County Treasurer.

I hereby announce that I am a candidate for the republication nomination for the office of County Treasurer at the September primaries and respectfully solicit the support of the voters of Rock county. A. M. CHURCH, Town of Janesville.

The Law of Average

Suppose you begin with six towns, on a test of newspaper advertising.

Or with six magazines, to get a national scope.

Suppose you spend in those six towns \$5,000, and you create a trade worth \$10,000.

Suppose for each \$1 you spend in the magazines you can trace a return of \$2.

Would you not then spend, in the same way, every dollar you could?

The only thing certain in advertising is this law of average.

What is done in six towns can be done in six thousand. What is done in six magazines can be repeated in sixty.

There is no question about it.

Once prove that results exceed the cost, and advertising becomes as safe as a first mortgage bond—and more profitable.

This is rather a new argument for an advertising agency.

Our revenue is a commission, mostly paid us by the publishers, on the amount that you spend.

It is the usual agent's commission.

Yet a test campaign, such as we suggest, will cost us, perhaps, ten times our commission.

But this is our method for developing business. We spend in this way what some other great agencies spend on soliciting.

Our question is never, What are you going to spend? It is always, What are the possibilities?

If possibilities exist in your article, we are willing to work them out for you. We'll accept a loss until we succeed.

By doing that, for hundreds of clients, we have made this the largest advertising agency in America.

To Old Advertisers

We will do the same for old advertisers—for those already successful.

Continue your present relations, if you are satisfied. But let us have six towns, or six general mediums.

Let us bring to bear in that limited way the wealth of all our experience, all our ability.

See what new ideas we can work out for you. Learn what new view-points we can bring to bear.

Let our brilliant men seek for new possibilities. Then let the results decide who can serve you best.

Your risk is nothing. And it is possible—even probable—that we can multiply the results of your advertising.

We Pay One Ad-Writer

\$1,000 per Week

Mr. Claude C. Hopkins, the head of our copy department, receives \$1,000 per week.

Every piece of copy that we prepare is under his supervision.

Mr. Hopkins has made more money for advertisers, in more different lines, than any other man who ever wrote copy.

His supremacy as a salesman in print is unquestioned. That is why he commands a higher permanent salary than was ever paid before in advertising.

Each man in this copy department is here because of proved ability.

All are men picked out, in the course of years, by the brilliant results we have seen them accomplish.

We are constantly seeking those rare men who accomplish the exceptional anywhere. And we pay what we must to get them.

Then here, in this vortex of advertising, in this fierce competition, they soon multiply their powers.

They learn what no man, dealing with one line, can know.

Our Advisory Board

Our Advisory Board consists of sixteen men, all masters of advertising.

Each is a man of proved ability and of vast experience. Mr. Hopkins is at the head of it.

Before this whole Board comes every important problem submitted by present or possible clients.

Here we decide what is possible and what is impossible, and advise all inquir-

ers accordingly without any charge. Your inquiry involves no obligation.

Here we decide on mediums, schemes, selling plans and copy. Thus we bring to bear on each new problem the lessons of all we have learned.

That is why we succeed.

These brilliant men are not an expense, neither to us nor our clients.

We handle advertising on the usual agent's commission. We give the same attention to small accounts as large ones.

These men earn their way by developing the small account into the large one. By making advertising so profitable that it expands. By creating advertising that minor men would kill.

It is cheaper for us to multiply one account an hundred times over than to solicit an hundred new ones.

And isn't it better for you?

Please Prove our Powers

Such is the basis on which we ask for a test.

Here is more ability, more experience, in advertising than ever was gathered elsewhere.

It costs you no more than the service of mediocrity.

Success, in these days, goes only to the capable. The measure of your success depends on the men behind it.

Be content with nothing less than the best talent you know. You have too much at stake.

Please—for your own sake—learn what we can do.

Please cut out this coupon—now while you think of it. Send it to get our book, "Safe Advertising"—a brilliant example of our advertising powers.

Then judge for yourself if you need us.

A Reminder

To send to Lord & Thomas, Chicago, for their book, "Safe Advertising."

Please state name, address and business. Also the position that inquirer holds in the business.

CAMPAIGN CONTRIBUTIONS.

"Contributions to the democratic campaign fund in excess of \$10,000 are respectfully declined. The speaker of Mr. Bryan's campaign manager, whoever he may be, refusing an amount in excess of that figure would touch the stouthead heart. 'Sir!' he cries, his voice choked with sobs, 'I am not what you take me for, besides don't you know enough to make two checks of it, and put one of them in the baby's name.' If this does not drive decency into the constitution of the manufacturers of great wealth, in the name of all that is fit to print, what will?" says the Wall Street Journal.

Of course, by the ingenious plan of publishing contributions on October 15, a loophole is left for belated checks which, doubtless on account of a clerical error, may exceed five figures. The position of the democratic treasurer becomes less embarrassing, or one thing the insult is not so public. His feelings by that time will of course have become hardened. It is to be hoped also that the criminal rich will have learned something. If the inconvertible Mr. John D. Rockefeller insists upon forcing his ill-gotten gains upon the Galahad of finance who will doubtless run the Bryan campaign, he will at least have learned to do the thing decently. He may even take some of the dummies, not at present in use on boards of directors, and let each one of them sign a check for \$9,999.99. What is a cent, anyway, when a matter of principle is involved?

"No doubt the republican treasurer will be sensitive, but not quite so sensitive. His holiest feelings will not be outraged by the publication of the subscription list before the election. Besides, there is a good deal of useful philosophy available for his consolation. He should read the 'Milkade' very carefully. One can imagine the custodian of funds, in the character of 'Pooh Bah,' after the visit of an unwilling converted robber, reliving the memory of his family prayer: 'Another insult—and a light one!'

SAME OLD STORY

Each session of the common council is a repetition of former ones. The cut-and-dried program arranged for in advance of the sessions is carried through. There may be a protest from the independent members, but they lack sufficient votes to make their protests felt.

Two weeks ago the bond of W. S. Jeffers, as a member of the fire and police commission, was accepted unanimously by the council, one member saying, "I'll never add anything to us." Last night the bond of Geo. Simpson was rejected, that is, was practically rejected, evidently because "he had done something."

It is this spirit that pervades the council. There is no fair middle course; the operators of the steamroller combination will not listen to reason. They are right; everyone else is wrong. There is no compromise. They have the sufficient number of votes and they control with an iron hand. It is a lamentable state of affairs. Not only individuals suffer, but the taxpayers as a whole, and high-handed proceedings will mean only an increase in lawlessness in the city.

So Taft has become a union laborer. Well there are many things left for him to become before he is elected in November and Campers will find

out he can not deliver the labor vote of the country in a hand box to William Jennings Bryan.

It may be all right to hold up Sam Brown's salary, after he has earned it, in the opinion of some of the abolitionists, but to the general public it is a questionable piece of business that savors of pure revenge.

The six-year-old sentiment expressed in the poem published in the Gazette of last evening appeals to those who desire to see the grand old man from Marquette honored again by the voters of the state.

The democrats met in county convention and named their county ticket. They might just as well have named it without any convention at all.

Sadness follows in the wake of the "almost too rich" just the same as it does in the wake of the poor. Money cannot buy happiness.

Heart and his independence party is making quite a stir in his own papers.

Heart to Heart Talks.

IS WOMAN A MARTYR?

Life to most women, says Elizabeth Stuart Phelps, is martyrdom.

No person, she says, who has ever heard the confidences of the sex can recall without emotion the confessions of these women "I feel to traditions they dare not question, broken on the wheels of drudgery whose iron revolutions crush individual gifts out of the soul and personal powers out of life."

She says there will be no happier citizen in the heavenly country than these "prisoners of sex."

Well—There is no denying the fact that the average woman's life is largely given to ceaseless drudgery and monotony. Two doing of the same thing, mostly in the same way, day in and day out, and getting nowhere comes to be an actual tragedy.

You see—The rooms once swept clean must be swept again. The dishes that are washed after breakfast will be dirty after dinner. Things will not stay clean. And the victuals that are cooked for one meal will not suffice for the next. If only the stuff could be piled up for installment consumption!

But—Come to think of it, the life of most men is also largely made up of drudgery. They are perhaps not so much tied up to traditions, but they are bound to a system that kills, a machine that crushes. Few of them but are broken more or less by this mental or physical routine.

Indeed, it is the remark of foreign observers that American women are better off than any other women in the world and that American men are the hardest worked men in the world.

The difference is here! Women are more idealistic than men. Drudgery tells on them. The daily round frets their more delicate nature. There is more poetry in their souls.

It is difficult for women to get over the idea that life ought to be all sweetness and unalloyed happiness. And there is so little poetry in peeling potatoes!

Woman needs some outside interest (and there is where the much abused woman's club comes in) to save her from the nervous tension of doing one thing all the time.

And by the same token—So does the man who lives a life of drudgery.

Evening Features at State Fair.
Two very full and complete evening entertainments will be provided every evening at the State Fair, Milwaukee, September 2-11—consisting of a variety of horse shows—riding, driving and high hurdle jumping, cavalry drill, and concerts by Liberator's concert band; and the other in front of the grandstand where illuminated chariot races and high class fire works by the Pyrotechnic company of Chicago, will be the principal features.

DOCTORS' OPIUM FRIENDS?

Pittsburg Detective Makes Sensational Statement in Report.

Pittsburg, Pa., July 21.—In a sensational report forwarded to the American representative of the International opium commission at Washington, Monday City Detective Richard Kelly declares that the use of opium in Pittsburg is confined almost entirely to thieves, gamblers, immoral women, physicians and ministers. The officer, who has made an exhaustive study of the matter, states that about five per cent. of the physicians practicing in this city are addicted to the opium habit, and that he is convinced the drug is not used to any great extent by others occupying good social positions.

Senator Knox's Brother Dies.

Pittsburg, Pa., July 21.—Pittsburg relatives have been notified of the death Monday at Los Angeles, Cal., of Thomas Budd Knox, brother of United States Senator Philander C. Knox. He was born in Brownsville, Pa., 77 years ago.

MUCH ENTHUSIASM OVER THE PROJECT

\$80 Has Already Been Pledged Towards Giving Tenement Children an Outing.

Much enthusiasm has been shown in the plan to provide a two weeks' outing for some of the children of the tenement districts of Chicago. It has appealed to the hearts of everyone, rich and poor alike, when brought to their attention. At the meeting of the committee yesterday, the sum of \$80 in subscriptions was reported. With this in hand the committee felt warranted in going on in their plan of providing for a colony of twenty children, besides those placed in private homes and on farms. There is yet \$20 to be raised of the \$100 necessary for the success of the venture, and it is hoped to have that sum gathered within a few days. There is no one who would miss the half dollar or dollar if subject to this fund and the contribution would be gladly received by the committee in charge. There is also a probability that a sewing box will be given by the ladies at some private home to provide extra clothing for the children to take back with them and also a pledge to give them a grand good time while here.

The list of subscriptions is as follows:
Summer Club\$25.00
Philomathian Club 10.00
Star Study Club 10.00
Mrs. McGraw, Afton, by personal subscription 10.00
Mrs. Kereh, by personal subscription 15.00
Mrs. Helms 5.00
Other personal subscriptions 5.00
Sum total\$80.00

GIRAFFE TWENTY FEET TALL.

Animated Skyscraper Has Two Companions of Same Size.

The giraffe is not alone the rarest of animals, but is as well the strangest it has no vocal organs. It drinks no water and it sleeps standing up. There are but few left in the African ones and it is very rarely that they are captured without fatal injury to them. Many also die on the sea voyage, so their absence from the American zoo is easily understood.

There are three fine specimens of the giraffe family with Ringling Brothers' World's Greatest Shows soon to be seen in Janesville, Thursday, July 30. One of them measures twenty feet from its hoofs to its ears. The others are very nearly as tall. They are exhibited in a roped enclosure and their food, box, well filled with mulberry leaves, alfalfa and African moss, is eighteen feet from the ground. The giraffe gets its exercise partly by browsing from tall trees, hence the reason of the high manger.

The menagerie of this circus never before has been so interesting as this year. It has been added to and improved by new methods of displaying animals, while a new gas lighting plant has been installed with an individual lamp for each exhibit. Across one side stretches the most wonderful herd of elephants in the world. There is an almost magic significance to the name Ringling Brothers in all matters concerning amusements. "It is not alone in the size and the quality of their displays that they excel. Their splendid policy of generous measure, the courtesy the public meets with under their big tents, the brilliant action of the main performance, the tasty dress of the many acts and the artistic touches here and there displayed, these are the secrets of their wonderful popularity.

This year's sensation is the automobile double somersault in mid-air, a feat accomplished by a young French woman.

E-C Girl Has Taken The City By Storm

Many Dollar Bills Given Yesterday to Enthusiastic Purchasers of E-C Corn Flakes.

The fervor and enthusiasm with which the E-C Girl was greeted in her rounds about the city yesterday pleased that young woman.

"I knew the E-C Corn Flakes were making a hit," she said today, "but this is the first time that I have ever found a city so unanimously in favor of a food product as the people of Janesville seem to be in favor of E-C Corn Flakes. I started out yesterday with my handbag full of new crisp one dollar bills. By nightfall they were all gone and you can well imagine that I had a busy day of it."

Tomorrow the E-C Girl will continue giving away dollar bills. She goes into each section of the city every day, visiting each neighborhood several times so as to give everybody an equal chance to receive one of her dollars. Of course she cannot call at every home but she calls at just as many as possible.

A partial list of those who received the E-C Girl's dollars yesterday follows:

DEAN REILLY TO COME THIS WEEK

WILL TAKE CHARGE WITHIN A FEW DAYS.

AT LAKE GENEVA 24 YEARS

Farewell Banquet Will Be Given Him at Lake Geneva on Wednesday Evening.

Rev. Eugene E. Reilly, who was appointed by Archbishop Messmer to fill the place of the late Dean E. M. McGinley, will arrive in Janesville to remain permanently the latter part of this week. The dean will be in Janesville today and tomorrow, where a farewell banquet will be tendered him by his Lake Geneva parishioners on Wednesday evening.

The departure of Father Reilly from Lake Geneva caused sincere regret to the members of the congregation of St. Francis Catholic church at Geneva Lake, where Father Reilly has been for almost twenty-five years. No particular reason was given by the archbishop for taking Father

REV. DEAN EUGENE E. REILLY

Reilly from Lake Geneva, but it was probably due to the fact that the local parish is much larger and with correspondingly greater responsibilities and the splendid work done by Father Reilly while at his present parish prompted the archbishop to reassign him to a greater sphere of usefulness.

Father Reilly worked at Lake Geneva for nearly twenty-five years. He was a man of strong opinions, a stickler for the enforcement of the tenets of the church, yet always ready to listen to the views of others and to grant to them that which he demanded for himself—the right to his own opinion. His departure is generally regretted and no matter who his successor is Father Reilly's influence will long be felt.

Dean E. M. McGinley was at one time pastor of Father Reilly's present parish.

Rev. Eugene Reilly was born in Saugerties, Ulster county, New York, and when four years of age he came with his parents to Wisconsin. In 1876 he was ordained to the priesthood and the same year was appointed pastor of St. John's church at Monches, Wis., where he remained until July, 1881, when he came to Lake Geneva. During his pastorate at Lake Geneva Father Reilly has been a successful organizer. He built up a splendid church property consisting of a new brick church and a parochial residence, all now free from indebtedness.

Father Reilly will be heartily welcomed by the local parishioners. Coming as he does with a close personal friend of the late Dean E. M. McGinley and one who was always interested in the Janesville church, this will be an additional bond between him and his new parishioners. As the Lake Geneva church is regretful at losing him so will the Janesville parish be glad to receive him.

Solemn High Mass

Dean Reilly will say solemn high mass tomorrow morning at midnight. Father M. A. Condon of Oregon, Wis., will act as deacon and Father Dempsey of Monroe will act as subdeacon. The sermon will be delivered by Father Moran of Minneapolis. Thirty or forty visiting priests will be present. This is the fourth high mass for the late Dean E. M. McGinley.

The church is still hanging with the emblems of mourning which were placed there at the time of the death of the late dean. These will be taken down tomorrow afternoon.

HAVE TAKEN OUT BALDWIN SIDING

Interurban Cars Will Stop There but Siding Removed Further South.

The interurban siding known as Baldwin near the railroad yards where the northbound and southbound interurban cars pass each other was removed yesterday and will be located about a mile and a half further south. This has been the case where most of the railroad men going in and out from the new yards get off at. The cars will still stop for passengers at this point.

JANESVILLE WOMAN INJURED IN WRECK

Mrs. Patrick Connors Has Collar Bone Fractured in Accident at Rockford.

Mrs. Patrick Connors, of this city, was the only person hurt in what might have been a serious railroad accident at Rockford yesterday morning at eleven o'clock. Fearing that a southbound passenger on the St. Paul road would collide with an Illinois Central switch train a brakeman on the latter threw the derail against the St. Paul train. The engine, tender and baggage coach all left the track and after plowing along for some distance the engine fell over on its side. Mrs. Connors, who was sitting in one of the passenger coaches, was thrown forward in her seat by the shock and struck the seat in front of her with such force that she fractured her collar bone. She was at once taken to the Rockford hospital where the fracture was reduced.

City Belle Is Afloat: Herman Buchholz succeeded yesterday in raising the City Belle from the bed of Rock river. On examination he found that a stray 35-caliber bullet had penetrated the hull, causing the boat to fill with water Saturday night.

SILVER GREYS IN BIG MATCH TODAY

FIFTY-YEAR-OLD TEAM OF MISSISSIPPI CLUB MET

WESTWARD HO VETERANS

Two Matches Were Played This Morning and the Remainder Pulled Off This Afternoon.

This morning and this afternoon the fifty-year-old team from the Westward Ho golf club met the fifty-year-old team of the local club at the Mississippi golf club. Two matches were played this morning in order to allow the Chicago players to return this afternoon.

The visitors arrived this morning at eleven o'clock and were taken at once to the golf links in automobiles and were given a chance to play over the course before the match began if they chose to do so.

The players were paired off as follows: W. H. French and H. G. Carter, R. H. Satter three up and E. H. Cobb and J. G. Rexford, J. Morgan and H. C. McGiffin, P. V. Castle and Orion Sutherland, Perry Lowe and J. P. Baker, J. D. Ross and P. W. Morgan, J. W. Heath and Wilson Lane, E. B. Cobb and J. G. Rexford, D. W. Conrad and A. M. Valentine.

This morning P. E. Milled was defeated by R. H. Satter three up and E. H. Cobb and J. G. Rexford came out even.

The Nassau system of scoring is used for this match. By this system the winner of the first nine holes gets one point, the winner of the second nine holes gets one point and if the same player wins the first nine and the second nine holes he gets an additional point. No player can defeat his opponent by more than three points under this system.

J. P. Baker and Perry Lowe were even at the end of the first nine holes, H. G. Carter was four up on W. H. French at the end of nine holes, thus scoring one point, H. S. McGiffin won one point against J. Morgan on the first nine holes, P. W. Morgan and J. D. Ross were even up on the first nine holes, Orion Sutherland and P. V. Castle were in the same situation, and A. M. Valentine lost one point on the first round.

Judge Goes Back: Judge Grimm came down yesterday afternoon and heard the argument of an order to how cause. He went back last evening.

THE QUEBEC TERCENTENARY CELEBRATION.

Layout shows at upper left the monument erected to General Wolfe. Upper right a map of Quebec, showing the location of the Plains of Abraham, Wolfe monument and other places of historic interest. Below at left is shown a picture of General Wolfe, at the right Marquis de Montcalm.

Quebec.—On July 22 begins the tercentenary celebration which commemorates the founding of Quebec three hundred years ago this month. The preparations for this magnificent spectacle have been under way for months and it is confidently expected that the ceremonies will outclass anything of this nature ever attempted.

The program is as follows:

July 22.—The Prince of Wales will land at Quebec. He will be received by the governor general and will be presented with an address by the dominion parliament.

July 23.—The scene of the landing of Champlain will be reconstituted and the old navigator will be shown arriving with his crew in a replica of his original ship, which is now being built.

The Prince of Wales will formally open the festival and a speech will be delivered by Sir Wilfrid Laurier.

The grand historical parade will follow and be reviewed and there will be a grand illumination of the city at night.

July 21.—Dedication of the battle-field. Military and naval review.

July 22.—Review of the fleet.

July 23.—Thanksgiving day. Roman Catholic service and mass on the Plains of Abraham, with beautiful music, followed by a service in the English cathedral.

GRIMM TO ADDRESS THE OLD SETTLERS

Has Accepted Invitation of Green County Association to Speak at Picnic.

Monroe, Wis., July 21.—Judge George Grimm of the Green county circuit court will be the speaker at the annual picnic and reunion of the Green County Old Settlers' association to be held in this city on Wednesday, August 19. Secretary W. W. Chadwick is in receipt of Judge Grimm's acceptance of an invitation extended to him by the officers sometime ago.

C. H. Hambricht of Milwaukee stopped in Monroe yesterday on his tour of the first congressional district in the interest of the candidacy of Isaac Stephenson for the United States senate. William H. Hutton has notified friends here that he will be in the city later in the campaign.

Don H. Linecum, formerly of this city, died at Gray Mills, Wis., of typhoid fever, aged 21. He had been in Montana and returned home ten days before his death.

Ernest Klusener, a lad of 11 years, who was arrested on a charge of stealing a bicycle, was released upon his promise to be a better boy.

Mrs. S. S. Summers and two sons have gone to Madison to camp at Lakeside during the Monona Lake assembly.

Sheriff M. C. Durr went to Green Bay yesterday with Rouben Groushoff of Brownstown, who was sentenced to a term in the reformatory.

Mr. and Mrs. D. C. Higgins of the Ludlow house, have gone to Sawyer county, where they will camp with friends for a few weeks.

A little son was born to Mr. and Mrs. Fred T. Burke.

Miss Julia Booth has returned to New York after a visit to her mother, Mrs. Augusta Fritz.

"Ringing Bells" advertising car No. 2 arrived here last evening.

Mrs. Nellie Williams, who was called here by the death of her mother, Mrs. N. B. Trout, returned today to her home at River Falls, Wis.

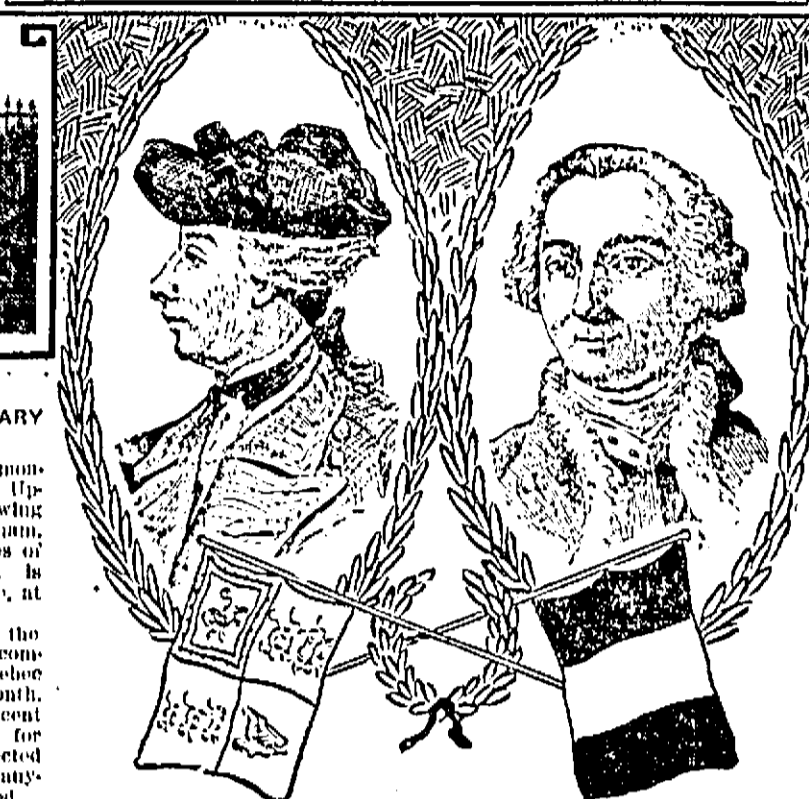

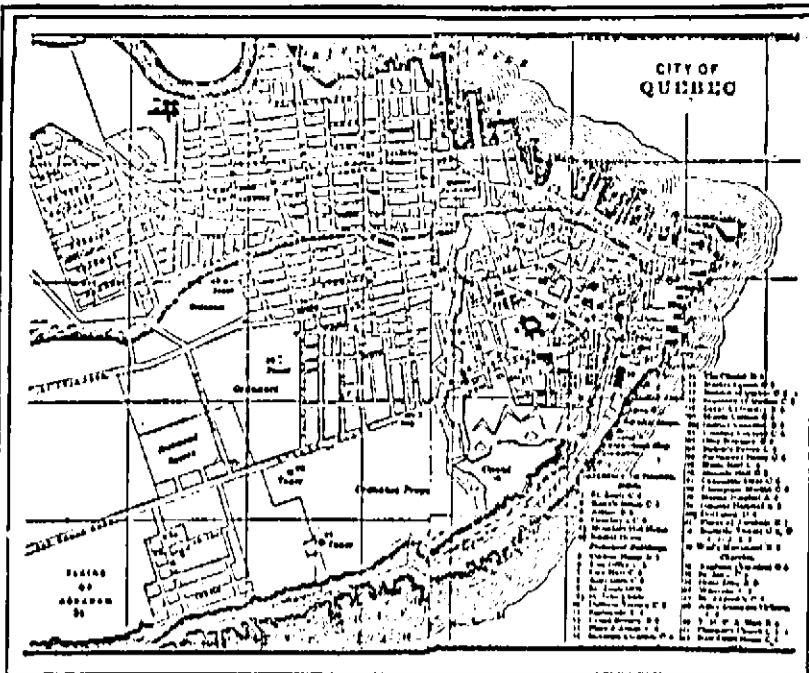

Rev. C. F. Niles is here from Monmouth, Wis.

Mr. and Mrs. W. W. Chadwick have returned from Chicago and Milwaukee.

BRODHEAD.—The funeral of Mr. Wm. Taylor occurred on Sunday afternoon at the home of his brother, Mr. Peter Taylor, on Sunday afternoon, July 19, conducted by Rev. Dugan of the Presbyterian church. The interment was in the Scotch cemetery.

The funeral of Mrs. Mamie Berryman, who died in the hospital at Janesville, occurred on Sunday at Janesville at which place the interment took place also. She was 39 years of age. Many friends mourn her sudden demise.

Miss Grace McNair who has been in a serious condition for some days is no better. There is talk of taking her to

July 27.—Naval display ashore by 10,000 soldiers. Representation of the bombardment of Quebec by the British fleet and army under Saunders and Wolfe respectively.

July 28.—Children's day; daylight fireworks on the Plains of Abraham.

July 29.—The Prince of Wales leaves the port.

In historic interest Quebec almost rivals Boston among the cities of the New World and it excels the New England city in the fact that its historic sites are constantly in view and have not been obscured by later alterations.

When Jacques Cartier ascended the St. Lawrence in 1535 he found the Indian town of Stadacona occupying part of the present site of Quebec and spent the winter in huts erected near the Dorchester bridge. On returning to France he carried with him the chief Donnacona, who unfortunately died in Europe. On his second visit in 1541, Cartier wintered at Cap Rouge. An unsuccessful attempt at settlement

was made by the Sieur de Roberval in 1549. The real founder of Quebec was Champlain, who in 1609 established a small post here, which gradually added agricultural settlers to the original fur traders.

It is just and fitting that this celebration should take place on the battlefield whereon the site of Quebec and Canada were won for the English from the French, the Plains of Abraham. In this battle General Wolfe won for the British the magnificent victory over Marquis de Montcalm. It is on these plains that the military review and pageant will take place. Among other features of historic interest on the Plains is the statue erected to General Wolfe who died in this battle.

Wolfe won for England her greatest colonial possession. The historical significance of this battle while not directly in connection with the celebration, still presents the most important historical feature since the founding.

SUICIDES ARE EPIDEMIC

MANY CASES OF SELF MURDER AROUSE PITTSBURG.

City Officials Hold a Conference—Woman Drowns Self and Children at New York.

Pittsburg, Pa., July 21.—Pittsburg and vicinity are in the grasp of a suicide epidemic. Since the first of July 21 persons have ended their lives, while a dozen others unsuccessfully attempted self-destruction.

The frequency of the cases resulted in a conference Monday called by Public Safety Director Lang, at which the police and health superintendent participated. While the conference was called for the purpose of taking up the matter of trying to prevent persons committing suicide, Director Lang said there was not much the municipal authorities could do.

"When men and women hold life so cheaply that they are indifferent to the purposes they were put in this world for," said Mr. Lang, "it is a hard matter to convince them that self-destruction is wrong. I believe if less publicity were given to suicides it would have a tendency to check them. I believe also if the evil of self-destruction was taken up by clergymen it would add greatly in dissuading persons of the idea of destroying themselves."

"The sale of drugs and weapons may in some way control, but after all it is a moral question. Men and women must be taught by their church that self-destruction is wrong."

New York, July 21.—Despondent because of ill-health and fearful of the fate which might await her two little children if they were left alone to face the world, Mrs. Gussie Benson sought peace for all beneath the waters of the East river. The bodies of the mother and her little ones lie side by side in the morgue awaiting burial.

For several years Mrs. Benson had lived with her husband and children on a South Dakota farm, but when her health failed she decided to return to her old home in this city. With her came the children, a boy of four and a girl two years old. When the change of scene failed to have the hoped-for effect upon her health Mrs. Benson became despondent. Wednesday she started for a walk with her little ones and did not return. Monday the bodies were picked up in the river.

Bloomington, Ill., July 21.—S. S. Stewart, a telegraph operator of Champaign, Ill., committed suicide here Monday by taking poison. He had lately finished a course at the institute for the cure of the drink habit.
